Hi Mike,

John, Steve and I spoke and we just wanted to let you know that we plan to submit the SAP addendum in early/mid-June, which is in accordance with the schedule presented in the RI/FS Work Plan. This will allow us to incorporate the final sample results from the sampling that was conducted in April and also incorporate observations we saw at the site throughout April and May.

We still plan to walk you through the draft document during our meeting scheduled for next week (May 25<sup>th</sup>). At that time we can talk about some of the findings/changes and discuss some of the draft figures to make sure we all agree on the paths forward.

Thanks.
